Re: Supplemental Production by Denali Water Solutions, LLC to the August 15, 2019
Information Request by the U.S. Environmental Protection Agency, Article No:
7014 1200 0000 6118 6207

Dear Ms. Bruno:

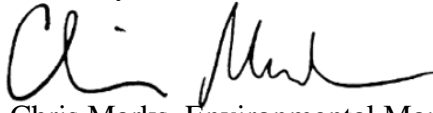

I am writing to follow up from Denali Water Solutions' ("Denali" or "Denali Water Solutions") fifth production in response to EPA Region 7's Section 308 Request for Information dated August 15, 2019. Denali submitted its fifth response to EPA Region 7's Section 308 Request for Information on February 19, 2020.

After preparing its 2019 annual report for routine submission to Region 9 last week (and submitting it to Region 7 pursuant to this Request for Information), Denali determined that lab data for three generators and one application site had been inadvertently omitted from its report. Denali revised this report to include this data, adjust the number of generators and application sites listed in the cover letter in Part 1, and correct a typographical error in the name of one land application site. Denali resubmitted this revised report to Region 9 on the dates listed below. The individual parts of the revised report are listed below and are attached for your records.

- DENALI_008374 – DENALI_008528: Revised Part 3 of the 2019 Annual Report; submitted to EPA Region 9 on February 19, 2020.
- DENALI_008529 – DENALI_008855: Revised Part 1 of the 2019 Annual Report; submitted to EPA Region 9 on February 21, 2020.
- DENALI_008856 – DENALI_008927: Revised Part 2 of the 2019 Annual Report; submitted to EPA Region 9 on February 21, 2020.
- DENALI_008928 – DENALI_009082: Revised Part 3 of the 2019 Annual Report; submitted to EPA Region 9 on February 21, 2020.

Please contact Richard Davis with any questions. Richard can be reached at his office at (202) 789-6025, on his cell at (301) 775-7453, or at rdavis@bdlaw.com.

Sincerely,

A handwritten signature in black ink, appearing to read "Chris Marks", with a stylized, flowing script.

Chris Marks, Environmental Manager
On behalf of Denali Water Solutions, LLC
